

Construction Industry Crime Prevention Program

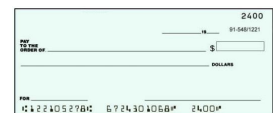

Northern California and Nevada

CICP is a non-profit 501(c)(6) corporation that was formed in 1971 by contractors in order to fight construction site theft and vandalism with a reward-hotline system as a resource for law enforcement. Since then, CICP has recovered over \$108,000,000 in equipment and materials for our members and has paid our nearly \$200,000 in rewards to tipsters. The program is solely funded by the industry through membership dues, association sponsorships and a construction grant. CICP is directed by a prestigious Board of Directors and our members represent all trades in the industry.

As a sponsor of CICP you will have your name and link added to our website as well as an invitation to participate in our annual activities and events. We appreciate your support.
